WALK-THROUGH METAL DETECTOR

Technical Support 7/24
Professional Service
Expert Personnel
Fast Spare Part Supply

ABOUT

24/7

We greet our guests first!

The door-type metal detector detects the metal intensity on people who pass through it and signals with light and sound. So, it will prevent people entering in with imminently h azardous substances such as weapons, knives and makes you feel the quality of the hardware of ADOREL.
